1. Introduction

As with every child in our care, a child who is considered to be 'socially disadvantaged' is valued, respected and entitled to develop to his/her full potential, irrespective of need. All staff and governors accept responsibility for 'socially disadvantaged' pupils and are committed to meeting their pastoral, social and academic needs.

This Plan specifies the level of funding we have received and how we intend to use this funding in order to support students in achieving their full potential. The plan should be considered in conjunction with the **Pupil Premium Policy**.

2. Pupil Premium Expenditure Plan - Financial Year 2016– 2017

Our aim is to eliminate any variation between the progress between pupil premium and non-pupil premium students. We are entitled to Pupil Premium Funding for the following:

- FSM students who are underachieving
- FSM students who are in danger of underachieving
- Children of members of HM Armed Forces
- Children adopted from an in-care status
- Children looked after (CLA)

We have evaluated the impact of Pupil Premium strategies in our school and have researched carefully the most effective ways of using this funding. This has enabled us to prioritise the use of the funding as follows:

- Championing: Establishing a 'Closing the Gap' Champion at SLT Level and appointing a responsible Governor.
- Dedicated mentoring: For all students in danger of underachieving in all years.
- Intervention:
 - Small group intervention in literacy, numeracy and science;
 - Alternative provision for specific students to maintain engagement e.g. ASDAN;
 - Enhanced data tracking and monitoring to enable appropriate and effective intervention;
 - Enhanced behaviour management systems and strategies using dedicated staff.
- Support:
 - Transition Coordinator to strengthen the parental partnership and liaison by running the transition days;
 - Support the funding of school uniforms, enrichment activities and educational visits;
 - Support the funding of music lessons and other curriculum resources;
 - Support the funding of after school transfer to facilitate attendance at homework clubs and sporting activities;
 - Extending the Study centre provision to enable access to resources before and after school;
 - Running a breakfast club facility to enable a nutritious start to the day.
