

GUIDE FOR COMPLETING YOUR OPTIONS CHOICES ONLINE.

You son / daughter will have been sent an email with the user-id and password that they will need to access the website where you are able to choose their options for later this year.

The website can be accessed here: <https://www.studentoptions.co/FUSYR9/>

This address is on the school website and is on the email that the students are sent.

Using the software is really straightforward – below are some screen shots to show you the process.

Unfortunately, there is a limit on the number of characters that we can use for subject names so there are some very slight differences between the names shown in the rest of the options booklet / school website, and the ones shown here.

When you first log in, this is the screen that you see. You need to choose ONE of these subjects before you are able to move on. This is your first choice.
